ELECTION COMMUNICATION

Caroline Lucas and Davy Jones

The next best MP to Caroline Lucas

Caroline Lucas has proved the difference a Green MP can make. Working tirelessly for her constituents, she was recently voted MP of the year by independent judges.

Vote for Davy Jones and you'll get another hard-working Green Party MP, standing up for what matters for Brighton in Westminster.

My background

I've been a campaigner for most of my life, supporting people to fight for their rights. I've also worked in local government and as a national adviser and commentator on public services. I grew up in Saltdean. I'm married with two grown-up daughters.

Vote for what you believe in

More people like Green Party policies than those of any other party, according to www.voteforpolicies.org.uk.

For years we've had no choice but to vote for the parties we loathe the least. But in 2010 Caroline Lucas changed all that, elected as the first Green MP for Brighton Pavilion.

On May 7 vote for what you believe in.

Davy Jones

The Greens are the fastest growing party

Tens of thousands of people have joined us over the last 12 months. I believe that's because we are different. We're not part of the political establishment.

And we stand up for what matters, the issues that you care about.

- We stand for a fairer economy – we want the economy to work for the benefit of everyone, not just the super-rich.
- We oppose cuts to our public services and the creeping privatisation of the NHS.
- We stand up for the environment locally and globally - tackling climate change, and investing in green jobs & renewable energy.

This is the most important election in my lifetime. Here in Brighton, you can make a real difference by voting Green, by voting for change.
